

Akron, OH Practice/Patient List Sale

Overview: Low-risk opportunity to grow practice and increase patients. Akron, OH dentist is retiring and looking to sell his patient list/charts and transfer care for his patients to a local practice interested in growing their practice. This has been a part-time 1-2 days per week practice for the last few years, ~250 Active Patients and annual collections of ~\$125k.

Price: \$60,000 or best offer. Note that \$60,000 is a “Target Price” as the actual final price would be based on the actual number of patients retained, limited risk for the buyer. Given nature of sale, the best outcome for all parties in this transaction is for as many patients as possible transfer to the buyer. Selling doctor is willing to stay on to help with the patient transfer or walk away at close.

Other Notes: Eaglesoft Practice Management Software, full hygiene schedule for upcoming months, two loyal & experienced hygienist willing to assist with transfer and work as independent contractors.
